INTRODUCTION

The first seminar on MALAY-CAMBODIA CULTURE AND HERITAGE was successfully held in 2009 with participation of scholars from Cambodia, Malaysia, Indonesia and Thailand. We are proud to organise a second one to be held in Phnom Penh, Cambodia. It will be a great opprtunity for researchers especially specialists on Khmer studies and Malay World to meet and exchange new research findings and enhance research collaboration.

Nowadays, culture and heritage were used as a tourism product such as archeo-tourism, eco-tourism and heritage tourism. We hope that this seminar will enlighten us on many aspects of the the Malay-Cambodian Culture and heritage in both Cambodia and the Malay World. As WTTC's latest annual research findings shows, in conjunction with their partner Oxford Economics, Travel & Tourism's contribution to world GDP grew for the fourth consecutive year in 2013, rising to a total of 9.5% of world GDP (US$7 trillion).

Around 4.7 million new jobs were created worldwide as a result of Travel & Tourism activity in 2013. 2014 looks equally positive, Travel & Tourism GDP is set to grow by 4.3%. We also hope this seminar will show us how the Malay and Cambodian Culture and Heritage contributes to travel & tourism and development of economy of both Cambodia and Malaysia.
