ACCOMMODATION IN KUALA LUMPUR

In Kuala Lumpur, delegates and visitors have a variety options among five star hotels for less than **US$150 or €138** per night, ensuring a comfortable and luxurious experience throughout their stay. Known worldwide, these five star hotels assure delegates will be treated to first-class hotel rooms complete with amenities, extensive range of facilities and fine-dining restaurants. These hotels reflect Malaysian hospitality, with attentive and helpful service staff eager to ensure that guests will depart with fond memories.

Within walking distance of the Kuala Lumpur Convention Centre (the Centre), there are over 15,000 rooms available in more than 30 four and five star properties, including several those that offers apartment-style accommodation – perfect for exhibitors and those who want to extend their stay, either with family or friends.

In addition, there are more than 50 hotels in the two and three star category. However, given the good value of our four and five star properties, the majority of delegates attending international congresses often elect to stay in higher-class hotels.

It should be emphasised that the following is not an exhaustive list. There are several other hotel projects currently under construction with estimated completion within the next four to five years.
