EPPD1023 MAKROEKONOMI I/MACROECONOMICS I	SEMESTER I	SESI 2013/2014 SESSION 2013/2014
Pensyarah/Lecturer: Set B: Prof. Madya Dr. Mohd Azlan Shah Zaidi (Jumaat, 7 - 10pm, BS 2-2, PKP, KL) No. bilik: 7.524 No. tel: 03-8921 3462/3168 Email: azlan@ukm.my	Status Kursus/ Course Status: WAJIB FAKULTI/ FACULTY REQUIREMENTS	Jam Kredit/Credit Hours: 3 JAM/3 HOURS
	Tempat / Venue: -	
	Semester ditawarkan/Semester offered: SEMESTER 1/ 1ST SEMESTER	
	Prasyarat/Pre-requisites: TIADA/NONE	

1.0 Hasil Pembelajaran/*Learning Outcomes*

Pada akhir kursus, pelajar mampu: */At the end of the course, students will be able to:*

- i. mengenalpasti isu makroekonomi, terutama isu pertumbuhan ekonomi, pengangguran, inflasi dan imbalan pembayaran.
identify macroeconomic issues, particularly the issue of economic growth, unemployment, inflation and balance of payment.
- ii. menghuraikan penghitungan keluaran negara, mengenal pasti masalah penghitungan pendapatan negara, membincangkan masalah kegunaan pendapatan negara sebagai ukuran taraf hidup.
elaborate the measurement of national income, identify the problem in measuring national income, discuss the problem of using national income as a measurement of standard of living.
- iii. menerangkan penentuan keseimbangan pendapatan negara mengikut pemikiran ekonomi klasik dan ekonomi Keynesian.
explain the determinants of national income equilibrium according to the theory of Classical and Keynesian economics.
- iv. menganalisis fungsi wang, tujuan memegang wang, jenis penawaran wang, dan seterusnya menentukan kadar bunga keseimbangan.
analyse the function of money, the purpose of holding money, types of money supply and determinants of the rate of interest.
- v. membahaskan mengapa perlu perdagangan bebas antarabangsa, dan mengapa perlu sekatan perdagangan, memperincikan struktur imbalan pembayaran, menghuraikan penentuan kadar pertukaran asing dalam sistem pasaran bebas dan sistem campuran tangan kerajaan.
debate the importance of free trade, the relevance of trade barrier, detailing the structure of balance of payment, elaborate the determinants of exchange rate in a free market system as compared to government regulated system.
- vi. membincangkan isu globalisasi terhadap perdagangan dan pelaburan, membincangkan faktor penggalak dan penghalang pertumbuhan ekonomi, dan menilai langkah kerajaan Malaysia untuk mencapai pertumbuhan yang mampan.
discuss the issue of globalisation on trade and investment, factors that encourage and deter economic growth and to assess the effectiveness of the Malaysian government policy in achieving a sustainable economic growth.

2.0 Sinopsis/*Synopsis*

Kursus ini bertujuan memberi pengetahuan kepada pelajar tentang konsep asas makroekonomi yang meliputi pengukuran dan keseimbangan pendapatan negara, peranan bank pusat, bank perdagangan dan proses penciptaan kredit, pasaran wang dan penentuan kadar bunga, implikasi dasar fiskal dan monetari terhadap pendapatan negara, pengangguran dan inflasi, perdagangan antarabangsa, imbalan pembayaran dan pasaran pertukaran asing serta globalisasi dan pertumbuhan ekonomi. Di akhir kursus, pelajar seharusnya dapat mengaitkan ilmu tersebut dengan isu ekonomi semasa dalam persekitaran global dan setempat.

This course aims to provide knowledge to the students about the basic concepts of macroeconomics which includes the measurement and equilibrium of national income, the role of the central bank, commercial banks and credit creation process, the money market and the determination of interest rates, fiscal and monetary policy implications on national income, unemployment and inflation, international trade, balance of payments and foreign exchange markets as well as globalization and economic growth. At the end of the course, students should be able to relate such knowledge with the current economic issues in the global and local environment.

3.0 Objektif/Objectives

- i. Membincangkan isu makroekonomi, terutama isu pertumbuhan ekonomi, pengangguran, inflasi dan imbalan pembayaran.
Discuss macroeconomic issues, particularly the issue of economic growth, unemployment, inflation and balance of payment.
- ii. Memfokuskan terhadap penghitungan keluaran negara, mengenal pasti masalah penghitungan pendapatan negara, membincangkan masalah kegunaan pendapatan negara sebagai ukuran taraf hidup.
Focus on the measurement of national income, identify the problem in measuring national income, discuss the problem of using national income as a measurement of standard of living.
- iii. Membincangkan penentuan keseimbangan pendapatan negara mengikut pemikiran ekonomi klasik dan ekonomi Keynesian.
Discuss the determinants of national income equilibrium according to the theory of Classical and Keynesian economics.
- iv. Memfokuskan fungsi wang, tujuan memegang wang, jenis penawaran wang, dan seterusnya menentukan kadar bunga keseimbangan.
Focus on the function of money, the purpose of holding money, types of money supply and determinants of the rate of interest.
- v. Membincangkan mengapa perlu perdagangan bebas antarabangsa, dan mengapa perlu sekatan perdagangan, memperincikan struktur imbalan pembayaran, menghuraikan penentuan kadar pertukaran asing dalam sistem pasaran bebas dan sistem campur tangan kerajaan.
Discuss the importance of free trade, the relevance of trade barrier, detailing the structure of balance of payment, elaborate the determinants of exchange rate in a free market system as compared to government regulated system.
- vi. membincangkan isu globalisasi terhadap perdagangan dan pelaburan, membincangkan faktor penggalak dan penghalang pertumbuhan ekonomi, dan menilai langkah kerajaan Malaysia untuk mencapai pertumbuhan yang mampan.
Discuss the issue of globalisation on trade and investment, factors that encourage and deter economic growth and to assess the effectiveness of the Malaysian government policy in achieving a sustainable economic growth.
