

01

Universiti Kebangsaan Malaysia (UKM) is one of the leading public universities in Malaysia. One of the important aims of the university is to extend the contribution of UKM to the global community by strengthening its strategic alliances with international community. The objective is to build a focused relationship in teaching, research, consultation and publication at regional as well as international level. Being part of the university, the vision of Faculty of Economics and Management (FEM) is to build strategic alliances by extending our collaborations with leading schools globally.

The faculty realizes that education and training extends beyond

national borders. In the era of globalization, exposure to other culture, environment and experience are important part of graduate education. The end result of these activities is to enrich human resource development by producing future graduates who are well prepared for the challenges of increasing multicultural, multinational, and global competition.

We hope that educational cooperation between institutions, internationally, would converge to deep understanding of each other culture and beliefs which is essential to strengthen the relations of the countries involved.

02

Program Objectives

The objectives of the international exchange program are:

- To expose students to the recent practice, thinking, theory and global accounting, economics and management systems with an emphasis on the Asian systems and values.
- To share the diverse culture of Malaysia and international community and its impact on the culture of an organization.
- To enhance networking between the university, industry and foreign institutions in other areas such as research, consultancy, publication and teaching.

Applying as an Exchange Student

Procedure

- Application is open for students with a good academic result.
- Applicant should demonstrate good command of English.
- Complete the Application for Non-Degree Program Form.
- Good results (supported by transcript and a letter from the Dean of the faculty).
- Foreign applicants whose native language is not English, should demonstrate good command of English.

Required Documents for Application

- Nomination Letter (from home university).
- Completed Application For Non-Degree Program form.
- Copy of passport.
- Official Transcript.
- Two copies of most recent passport photo.
- Either TOEFL score of minimum 550 (paper based)/ 213 (computer based), or IELTS band 6.0) or attended and passed test of English language competency program at a high proficiency level.

Cost of Living

- Average RM600 per month for accommodation.
- Meal average RM500-RM1,000.

Visa

International students who wish to join exchange program in UKM are suggested to apply for Visa With Reference (VDR) to eligible for a Student Pass once they registered in UKM. Applicants must have a passport with validity more than 12 months and must not be in Malaysia while applying for VDR. Applications normally have to apply 6 weeks before the registration date. Once received the VDR approval letter from UKM, the applicants will have to go to the embassy stated in the VDR approval letter to get Single Entry Visa before entering to Malaysia.

Facilities

Libraries

The Tun Seri Lanang Library on the main campus, with a floor space of 240,000 square feet, is one of the largest libraries in the nation and houses a wide collection of books, journals, newspapers, conference papers, theses and other printed and electronic materials to support and facilitate learning and research.

While the TSL library is the central library and main repository of reading and research materials for the UKM community, the university also supports a number of specialized libraries such as the Malay Civilisation and World Library (PATMA), the Law Library, the Dr. Abdul Latiff Library, and the UKM Hospital Library. Students have full access to the main library as well as the specialized libraries within the rules and conditions set by the individual libraries.

Mosque

The UKM mosque is the religious centre for not only the Muslim community on-campus but also for the adjacent community, as reflected in the weekly Friday prayers congregation. The mosque is not only a place of worship, it also has a large meeting room, a library/study room, meditation room and a kitchen. It also houses the Imam's office (Chaplain's office) and other religious clubs.

Accommodation and Transportation

The university owns, operates and maintains a variety of on and off-campus accommodation. All on-campus accommodation is administered by the Housing Unit office. In UKM, all halls of residence are known as "Kolej" (College). Despite its academic overtones, it does not have any academic affiliation.

Banking Services

There are five banks operating around campus. CIMB Bank, Bank Simpanan Nasional, Bank Muamalat and Bank Rakyat are housed at the Unikeb Building. CIMB also maintains a sub-branch at the PUSANIKA building providing basic transactions. CIMB maintains automated teller machines (ATM) at PUSANIKA and Unikeb while Bank Islam offers ATM service at PUSANIKA and at the Chancellory building. All banks are open on Monday to Friday from 9:00 am to 4:45 pm. Kindly contact your bank of choice for more information on the full range of banking services available.

Food and Catering Services

Food is the least of your problems at UKM! All halls of residence (college) operate cafeterias open to all. PUSANIKA is the centre of food and refreshments on campus, from café mocha to the local teh tarik, as well as a variety of local Malay, Chinese and Indian culinary delights to cater to every taste bud. For light snacks in between classes, chances are there is an eatery near your place of study. Most eateries operate from breakfast to tea time. Only the college cafeterias and the PUSANIKA cafeteria serve dinner. However, if you are in the mood for something more, drop by the KRU restaurant for some fine dining while taking in the breathtaking sights of the international class golf course. All food served on campus is halal.

Post Office

The Post Office is located at the PUSANIKA building. It is a one-stop center to handle all post for domestic and international destinations, and also serves as a multi-purpose payments office for paying utility bills, and vehicle registration.

All on-campus colleges are self-contained, equipped with their own cafeteria, meeting, TV and prayer rooms. The room configurations range from single to multiple sharing arrangements (4 pax). The university also manages a number of off-campus accommodation complexes in the adjacent townships of Bandar Baru Bangi and Kajang. These residential complexes are serviced by bus routes operated by the university. For convenience, most international students are housed at the Kolej Taman Tenaga. Public transports such bus, taxi and commuter train are available on campus.
