International Conference On Marine Ecosystem 2012 (INCOMES 2012),
Faculty of Science and Technology, UKM Bangi, Selangor, Malaysia

First Name :

Last Name :

Organisation/
Institution :

Address :

Postcode : State:

Telephone No. : Facsimile No:

E-mail address :

I wish to (please tick (√) where applicable):

() attend the seminar () participate in the oral presentation () present a poster

Title of Paper :

Please tick (√) area of presentation:

- () Biodiversity Resources,
() Climate Change & Environment Impacts,
() Technology & Innovation,
() Sustainable Pollution & Management,
() Economy & Social,
() Health & Risk.

Registration Fees:

()	Foreign Participant	USD450.00
()	Local Participant	RM700.00
()	Local Student	RM500.00

*Student rate is entitled for those who holds student identification card/official letter a recognized tertiary educational institution.

Method of Payment:

- () Cheque () Bank drafts
() Telegraphic Transfer () Direct Bank Transfer
() Local Order

Kindly fax/email/mail us a copy of your Telegraphic Transfer or Direct Bank Transfer receipt as a proof of payment for INCOMES 2012 registration.

Signature : Date :

Mode of payment:

- All bank drafts or cheque (Malaysian only) must be made payable to **BENDAHARI UKM** and mailed to INCOMES 2012 Secretariat together with the registration form.
- Telegraphic Transfer or Direct Bank Transfer should be routed to:**
Account Name : UNIVERSITI KEBANGSAAN MALAYSIA
Account Number : 1218-0010075-05-3
Bank Name : CIMB Bank BHD., Lot 1.04 & 1.05, Level 1, Wisma UNIKEB, 43600 UKM Bangi, Selangor, MALAYSIA
SWIFTCODE : CIBB MYKL

INCOMES

International Conference On Marine Ecosystem 2012

Moving Towards Multi-Scientific Knowledge For Sustainable Future

14 - 16 November 2012
Persada Johor International Convention Centre,
Johor Bahru, Malaysia

INTRODUCTION

It is our great pleasure to invite you to the International Conference on Marine Ecosystem 2012 (INCOMES 2012) to be held from 13th until 15th March 2012 at Persada Johor International Convention Centre, Johor Bahru, Johor. This is the second international conference on marine ecosystem which is organized by the Marine Ecosystem Research Centre (EKOMAR), Universiti Kebangsaan Malaysia (UKM) in collaboration with the National Oceanography Directorate (NOD), Johor State Economic Planning Unit (UPEN) & Johor State Government.

The marine ecosystems are areas that support high biological diversity and have been over exploited in recent years for intensive development activities such as fisheries, new township, tourism and transportation. The marine ecosystems are also vulnerable to global change as a consequence of the direct (physical disturbance, pollution, etc.) and indirect (climate) effects. Distinguishing natural and anthropogenic impacts are a major challenge of science and technology in our global society.

This conference serves as an international platform that gives the opportunity for researchers, postgraduates, scientists, government and non-government organizations to present, discuss and disseminate their findings pertaining to the sustainability of and threats to the marine ecosystems. The theme for this conference is 'moving towards multi-scientific knowledge for sustainable future' in marine ecosystem. The conference issues will be cover various aspect of biodiversity resources, climate change and environmental impacts, technology and innovation, sustainable management, economy and social & health and risk.

The conference sought to explore critical issues, drawing out experiences and lessons learned in addressing these issues. Through the conference, participants will have the opportunity to share and exchange their knowledge and experiences in related disciplines. We are also hopeful that this conference will forge new networks and partnerships to more effectively address the challenges we face.

OBJECTIVES

- To provide a platform for experts and practitioners to develop and expand their knowledge on marine science through multi-scientific knowledge for sustainable future. This will also give an excellent opportunity for all scientists in various research disciplines to join in discussions during the conference events.
- To provide a forum for sharing methodologies, approaches, strategies and planning for existing and future plans in marine ecosystem studies
- To compile all researcher outputs and establish net workings for better future sustainable marine resource management.

SCOPES

- Biodiversity Resources,
- Climate Change & Environment Impacts,
- Technology & Innovation,
- Sustainable Pollution & Management,
- Economy & Social,
- Health & Risk.

PARTICIPANTS

Academicians, scientists, researchers, post-graduate students, government & non-government agencies, policy makers, industrialists and NGO organizations.

CALL FOR PAPERS/POSTERS

The Secretariat of INCOMES 2012 is calling for papers oral or poster presentation. Papers will be reviewed and selected on the basis of relevance to the scopes of the conference and their potential for generating discussion. Papers will be presented in English. We cordially invite you to submit your ideas and insights for consideration in the conference programme.

PRESENTATION

Oral Presentation

Each speaker shall be given 20 minutes for oral presentation including question and answer session. All slides presentation need to be submitted to the organizing committee during registration.

Poster Presentation

Each poster presenter shall present his/her poster at provided display panel. (A1 - Potrait)

INSTRUCTION TO AUTHORS

Abstract

- Abstract must be written in English. All in font Times New Roman. Word (.doc) file ONLY.
- Title: concise and descriptive. Font size 14, **Bold**.
- Author: underline for presenter. Font size 12, UPPERCASE.
- Address: Font saiz 12, *italic* and include email for corresponding author.
- Abstract should be typed single spaced. Font saiz 12, A4 with normal margins. It should not be longer than 200 words in one paragraph.

Abstract Example

Extended Abstract

Authors are requested to submit extended abstracts (3-4 pages) containing initial results, figures or tables for review. Extended abstract should be typed single spaced. Font size 12, A4 with normal margins. Draft full papers are recommended. Abstracts should clearly state the purpose, method used, key results, contributions to the state of the art as well as the scope of the work in the final manuscript. Format for the final manuscript will be provided to authors of accepted papers. Selected papers will be considered for publication in Sains Malaysiana and Journal of Tropical Marine Ecosystem (JTME).

INVITED KEYNOTE AND PLENARY SPEAKERS

Prominent speakers will be determined and announced later. Please refer to the website.

VENUE

Persada Johor International Convention Centre, Johor Bharu

ACCOMMODATION

The Puteri Pacific Hotel Johor Bahru*

Jalan Abdullah Ibrahim

80730 Johor Bahru

Malaysia

Telephone: 607 219 9999

Fax: 607 219 9998

E-mail: info@puteripacific.com

*For INCOMES 2012 participants, special rate offer will be given.

The Puteri Pacific Hotel Johor Bahru is strategically located in the heart of Johor Bahru with 500 city or straits-view guestrooms with amenities including High Speed Internet Access, IDD telephone, individually controlled air-conditioning, colour television with CNN International news service, Astro channels and in-house videos and an electronic safe in every room for personal documents and valuables. 16.11.12	09.00 09.40 11.00 12.40 13.00 14.30	Parallel Session Break Parallel Session Closing Ceremony Lunch Break Excursion

EXHIBITION BOOTH AND RATES

(S)	Item	Price (RM)
	Booth (2m x 2m), including half page B&W advertisement in book	2500
	Back cover advertisement (Full page; Colour) - 1	1500
	Inside cover advertisement (Full page; B&W) -2	1000
	Content advertisement (Full page; B&W)	800
	Content advertisement (Half page; B&W)	500

CONFERENCE EXCURSION

A scientific excursion will be organized by the committee after the conference and detail information will be announced in conference website. The excursion trip will takes approximately 3 hours touring to various interesting places. Seats are limited and we practice first come first serve basis.

PLACE OF ATTRACTIONS

DANGA BAY

Danga Bay is set to be a premier waterfront development and one of the highlights of the Iskandar Malaysia, offering amongst others, upscale properties, top-notch retail outlets, thrills and spills of leisure activities, an oasis for local and international food and beverage and top-draw events and activities. Danga Bay Integrated Waterfront City is one of the most exciting areas of development within Iskandar Malaysia.

KUKUP

Kukup is a fishing village with houses on stilts at the water's edge. There are numerous restaurants on stilts serving delicious seafood. Handicraft and delicacies such as keropok, belacan and cencaluk are available in Kukup.

DESARU

The village of casuarinas is 8 km northeast of Johor Bahru and situated on a 20 km stretch of untouched beach in the southeast corner of the Peninsular. Ideal for swimming, boating, canoeing, fishing, snorkelling or jungle trekking. Golf enthusiasts can also play on an international 18 hole course.
