<http://www.ukm.my/wgm/rgc2015>

Mode of Payment:

- Cash Cheques Local Order

Payment are to be made in Malaysian Ringgit in the name of:

Bendahari, Universiti Kebangsaan Malaysia.

Account No. : 8002234307

Address: CIMB Berhad, Cawangan UKM, Wisma UNIKEB, 43600 Bangi, Selangor.

Swift Code: CIBB MYKL

Please email/fax/post this form before **1st October 2015**

to the secretariat or the corresponding person

SECOND CIRCULAR

Regional Geoheritage Conference 2015

⌚ 2 - 5 November 2015 | 📍 Kompleks LADA, Langkawi

“Borderless Geoheritage - Enriching Regional Geotourism”

Organised by:

In collaboration with:

INTRODUCTION

The Malaysia Geoheritage Conference started as an annual event in 1998 organized by the Malaysian Geological Heritage Group which later became a biennial event when interested geoheritage researchers from Indonesia agreed to co-host the Joint Malaysia-Indonesia Geoheritage Conference in alternate years. The former is a well established platform for gathering researchers, policy makers and implementers, as well as tourism players involved in conservation initiatives and sustainable development of geoheritage resources in Malaysia. This year the Malaysia Geoheritage Conference is commemorating its historic 10th edition of progressively evolved from merely a venue for sharing understanding on geodiversity and geoheritage values to ranking, conserving, protecting and managing of geoheritage resources. Lately this conference has also become a venue for discussing aspects of geotourism and geopark development.

In 2004 a new series of conferences, named as the Joint Malaysia-Indonesia Geoheritage Conference was established and this year we are privilege to once again organise this 10th edition of this event back in Malaysia. For this 10th edition we decide to rename the conference as Regional Geoheritage Conference 2015 and would like to open up opportunity in sharing geoheritage resources and geotourism prospects beyond political boundaries in order to share common challenges in geoheritage conservation initiatives and to facilitate regional geotourism and geopark development. This time the host also invite geoheritage enthusiasts from neighbouring Thailand to join the conference as special guests to look for possibility of forming a tripartite conference in the future.

This conference is co-organized by the Geological Heritage Group of Malaysia, Universiti Kebangsaan Malaysia, Universitas Pembangunan Nasional, Langkawi Development Authority, Department of Mineral and Geoscience Malaysia and Department of National Heritage Malaysia.

TENTATIVE PROGRAM

TIME/DATE	2/11/2015	3/11/2015	4/11/2015	5/11/2015
0800-1230	Registration Technical Session	Mid Conference (Field Trips)	Technical Session	Post Conference - Thailand (Field Trips)
