## EPPE6908 & EPPE6906

1. **Authorship and Originality** – to ensure that the manuscript is original and based from actual research work performed by the student, these points need to be considered:
  - Plagiarism is a serious concern and must be avoided by the author/student. The supervisor will ensure that the **similarity rate is less than 30% using Turnitin software** (the report will be attached for each submission by the supervisor). Similarity index beyond 30% will affect course grading of the student.

# ACADEMIC PAPER

## EPPE6908 & EPPE6906

- To reduce similarity index, sentence structure need to be modified and rewritten, not copied entirely from the source.
- All source of data/work need to be properly cited and provide the reference to avoid plagiarism issue.
- Authorship and the order of authorship must be agreed upon by all of the authors (main supervisor or co-supervisors) and any other personnel who participated in the work but are not included as an author.
