GUIDELINES FOR SUPERVISORS

1. Supervisors are fully responsible for students' academic papers/project papers under their supervision.

2. Supervisors collect academic papers/project papers for students and send them via email to the colloquium secretariat within the stipulated time period.

3. Supervisors should ensure that students use the working paper template provided by the secretariat.

4. Supervisors are required to arrange the presentation for each student under their supervision according to the suitability of their time as a condition for publication in the colloquium proceedings.
