Universiti Kebangsaan Malaysia
43600 Bangi Selangor

Why Join IREx?

- Discover the latest insights on research-driven innovations by young researchers.
- Connect with the research community and establish a long-lasting professional network.
- Unleash your creativity in a dynamic setting, collaborate with peers, and up-skill science communication.

Objectives

- 1 To develop student's interest in research and innovation.
- 2 To refine their presentation skills in the realm of research and innovation.
- 3 To expand students' connections within the research community for a long-lasting professional network.

1 Sub Themes

- AUTOMATION
- ENGINEERING
- BIOPRODUCT
- BIOTECHNOLOGY
- GREEN INNOVATION
- EDUCATION INNOVATION
- ELECTRICAL & ELECTRONIC
- COMPUTATIONAL INNOVATION

2 Participant Guidelines

- Open to high school, pre-university, and university students.
- Each team consists of up to 3 students (max), with the exclusion of a chaperone.
- Multiple entries from the same institution are most welcomed.
- Each team must prepare at least one poster of A1 size.
- Each team will be allocated with a working space in Dewan Tun Abdullah Mohd Salleh, UKM, for their poster display and pitch.
- The working space can be decorated in line with the program theme of :

“Young Leaders, Green Future”

3 Poster Guidelines

1. The poster should consist of:
 - Title
 - Introduction
 - Problem statement & Hypothesis & Methodology
 - Results/Findings
2. The poster will be presented in English.
3. Prototypes/additional props are highly encouraged.
4. The poster should be no larger than 594 mm x 841 mm (A1 size).
