

NOR KAMALIANA KHAMIS

Senior Lecturer (Dr.-Ing)

RESEARCH

Passionate with matters regarding physical and cognitive ergonomics field. Recent and active research focus on occupational environment, driving workload, anthropometrics applications, road and occupational safety. Partnership with industries, government sectors and other universities. Successfully obtained several research grants and Copyrights from Intellectual Property Corporation of Malaysia (MyIPO) related to Ergonomics Assessment, Mobile Apps, and Economical Sensor System related to Human-Activity Interaction.

ACADEMIC QUALIFICATIONS

- **B.Eng.** (Manufacturing) Universiti Kebangsaan Malaysia, Malaysia (2007)
- **M.Eng.** (Manufacturing Systems) Universiti Putra Malaysia, Malaysia (2010)
- **Ph.D.** (Mech.) Universiti Kebangsaan Malaysia, Malaysia (2018)
- **Dr.-Ing.** University of Duisburg-Essen, Germany (2018)

EXPERTISE

Ergonomics
Road Safety
Occupational Safety

RESEARCH GROUP

- Instrumentation, Dynamics and Control of Engineering Systems (INDICES)
