

# ZALIHA WAHID

Lecturer (Mrs.)

## RESEARCH

Expert in Additive Manufacturing field embracing 3D printed parts testing, characterization (mechanical and fatigue) and modelling. Recent research interest is in exploration on the trans-disciplinary fields related to additive manufacturing including new materials development and applications.

## ACADEMIC QUALIFICATIONS

- **B.Eng.** (Mech.) Universiti Kebangsaan Malaysia (2007)
- **M.Sc.** (Man.) Universiti Kebangsaan Malaysia (2012)

## EXPERTISE

Additive Manufacturing,  
Materials and Structural Characterization  
Powder Injection Molding

## RESEARCH GROUP

- Precision Research Group (PERSIS)

For list of publications and current research grants, please click [UKM Sarjana](#).

## RESEARCH AT A GLANCE

### Additive Manufacturing

### Testing & Simulation

### Characterization

### Fatigue & Failure
