JQMA: Journal of Quality Measurement and Analysis

Jurnal Pengukuran Kualiti dan Analisis

Jurnal Pengukuran Kualiti dan Analisis (JQMA) menerbitkan hasil penyelidikan teoretikal dan gunaan dalam bidang sains matematik, khususnya yang berkaitan dengan pengukuran, kualiti, produktiviti dan prestasi. Keutamaan diberikan kepada makalah yang memenuhi skop utama jurnal dan memberi dampak kepada bidang penyelidikan yang diminati.

The Journal of Quality Measurement and Analysis (JQMA) publishes theoretical and applied research works in the field of mathematical sciences, particularly those which relate to measurement, quality, productivity and performance. Priority is given to those articles which satisfy the main scope of the journal and produce impacts in the research areas of interest.

Segala surat-menyurat mengenai makalah atau jurnal JQMA hendaklah dihantar kepada:
