

Lists of courses that require the use of laboratories and software at FKAB (SEM 1 2020/21)

1. Master of Engineering (Microelectronics)
 - KKKC6033 Advanced Integrated Circuit Design
 - KKKC6333 Integrated RF Transceiver Design
 - KKKC6313 System on Chip Design

2. Master of Engineering (Communication and Computer)
 - KKKT6243 Optical Communication System
 - KKKT6273 Modelling and Simulation of Communication and Computer Network

3. Master of Engineering (Chemical)
 - KKKK6143 Computational Methods for Chemical Engineering

4. Master of Engineering (Environmental)
 - KKKS6314 Air Pollution Chemistry and Control

5. Master of Engineering Civil
 - KKKA6623 Geospatial Engineering

6. Master of Engineering (Mechanical)
 - None

7. Master of Engineering (Manufacturing Systems)
 - None
