NOTA	SYARAT TAMBAHAN MALAYSIAN DENTAL COUNCIL				
	MINIMUM QUALIFICATIONS FOR ENTRY INTO A DENTAL PROGRAMME (MALAYSIAN QUALIFICATION FRAMEWORK, MQF LEVEL 6)				
	A. The selection for admission to a Bachelor of Dental Surgery programme or equivalent implies selection for the dental profession.				
	A person who is qualified in Dentistry from a dentistry programme recognized by the Malaysian Dental Council ('Council') is entitled to be provisionally registered by the Council. The fitness to practise Dentistry of the applicant shall have to be considered in the selection for entry into any dental programme.				
	B. The practice of Dentistry requires the highest standards of professional and personal conduct as well as professional competence.				
	1. Although some students have attained the academic standards required, they may not be suitable to a career in Dentistry. It is in the interest of the public and such students that they should not gain admission, rather than to have to leave the course or the profession subsequently.				
	2. It is the responsibility of the dental school to ensure that there are no particular circumstances that will impact upon an applicant's fitness to practice upon graduation.				
	3. All applicants shall declare if they have all the followings which may impact upon their future practice:				
	o been found guilty of any criminal offence(s);				
	o serious physical or mental illness; and/or				
	o serious communicable disease(s).				
	4. A person with any of the following shall be disqualified from entry into a dental programme:				
	o found guilty of offence(s) affecting the human body;				
	o recent or serious dishonesty e.g., cheating at examinations, falsification of documents, plagiarism;				
	o serious physical or mental disorder;				
	o serious communicable disease(s) which there are no available acceptable methods of protection.				
	5. Failure to declare information that has a material influence on a student's fitness to practise may lead to the termination of their dental course, as honesty, integrity and good health are essential attributes of a dental practitioner and by extension, the dental student.				
	6. In the event of any doubt, the dental school shall seek clarification from the Council.				
	7. All decision makers of dental schools and aspiring applicants are advised to study the Council's guidelines available at www.mdc.gov.my .
