UNIVERSITI KEBANGSAAN MALAYSIA (UKM)

Established 18 May 1970.
UKM is one of the universities in Malaysia that received Research University status which has successfully attracted students from all around the world.
Ranked 12th in QS World University Ranking for Top 50 under 50 Universities 2018.

UNIVERSITAS PADJADJARAN (UNPAD)

Established 11 September 1957.
UNPAD has since increased in standing and has become one of the top universities in Indonesia.
The Faculty of Medicine, UNPAD was established based on the twin philosophies of benefit towards society and striving together for its welfare. It was founded in 1957 as one of four forerunner faculties in UNPAD.
In 2006, the Faculty opened the Medical Education Study Program, a Double Degree Program with the Faculty of Medicine University of Kebangsaan Malaysia, proving its international recognition

"I can get two degrees while embracing new cultures in a different country. I become more grateful for what I've been given and more determined to be a healing hand."

Nur Anisah bt Nurazizi, (UKM-UNPAD Student) - Year 3 student
